Database: MySQL, MongoDB

Tools & IDEs: VS Code, Eclipse, Figma

Other Skills: UI/UX Design, MS Office, Internet Applications

Experience

Full Stack Development Intern | Cepialabs

Nov 2025 – Feb 2026

- Completed a structured Full Stack Development Internship with hands-on experience in frontend and backend development
- Built and improved responsive web pages using HTML, CSS, JavaScript, and React.
- Assisted in backend development and database connectivity.
- Participated in debugging, testing, and performance optimization.
- Gained practical exposure to real-time development environment and teamwork.

Projects

BoostUp – Business Services Website

Project Link: boostup-rishabh.netlify.app

Developed a fully responsive Business Services website using HTML, CSS, and JavaScript. The site showcases service offerings, features clean UI, mobile-friendly layouts, and optimized user experience.

Pharmacy Management System (Java Swing, MySQL)

Developed a desktop-based application to manage pharmacy operations such as medicine inventory, user authentication, billing, and sales management. Designed secure login modules for admin and pharmacist roles, optimized database transactions, and implemented real-time inventory tracking. Focused on usability, performance, and data integrity.

Strengths

- Quick learner and adaptive
- Strong problem-solving and analytical skills
- Team-oriented with effective communication
- Responsible, punctual, and quality-focused
